AreaRAE Plus/Pro

from Rae Systems by Honeywell

In 2001, the AreaRAE from RAE Systems revolutionized gas detection by offering long-range wireless monitoring to military, hazmat teams, and industry around the world. The AreaRAE Plus and Pro bring the AreaRAE line back to the forefront with unmatched wireless connectivity, industry-leading PID technology, support for over 20 interchangeable sensors, gamma radiation detection, and all-new meteorological tracking capability.

FEATURES:

- 6 sensor slots for toxic and combustible gases and 1 dedicated PID sensor slot, for a total of up to 7 gas sensors simultaneously
- Dedicated Gamma sensor slot (Pro only)
- RAEMet Sensor provides wind speed, wind direction, temperature, and humidity (optional on Plus, standard on Pro)
- Integrated long-range 900 MHZ ISM and short-range Mesh radio
- Optional WiFi connectivity
- GPS Standard

MULTIPLE APPLICATIONS:

AreaRAE Plus is designed for the needs of:

- Industrial First Responders and Fire Brigades
- Health, Safety and Environmental Managers
- Plant and Operations Managers

AreaRAE Pro is designed for the needs of:

- Emergency Responders
- Fire Departments
- Law Enforcement
- Hazmat Teams
- Military Teams
- Civil Support Teams

FENCE LINE MONITORING

EASE AND FLEXIBILITY:

USER-FRIENDLY AND FAMILIAR 3-BUTTON INTERFACE

108 dB AUDIBLE AND 360° VISUAL ALARMS

FLEXIBLE POWER FOR SHORT- AND LONG-TERM DEPLOYMENTS

PC-BASED SOFTWARE FOR EASY CONFIGURATION

WIRELESS FLEXIBILITY FOR REMOTE MONITORING

HAZMAT RESPONSE

AS3-RDK42 Two-Unit Rapid Deployment Kit *from All Safe Industries*

Whether equipped with two AreaRAE Pluses, two AreaRAE Pros, or one of each, the Two-Unit Rapid Deployment Kit can be configured to meet the exact needs of your application.

ABOUT THE KIT:

Designed to facilitate faster and simpler deployment, the Two-Unit Rapid Deployment Kit from All Safe Industries includes two AreaRAE gas meters, two spare Li-Ion batteries, and two standalone battery chargers in a tough rolling case with pass-thru charging to power all components. Unlike the conventional RDK, our kit allows the RAEMet sensor to remain engaged on the AreaRAE at all times, which allows for faster start-up and decreases the risk of damage to the sensor.

FEATURES:

- 2 AreaRAE gas meters of your choice
- 2 Spare Li-Ion batteries
- 2 Standalone battery chargers
- inCase Charging System for meters and spare batteries
- Durable case with wheels, extendable handle, and custom foam
- Smaller, lighter, and more convenient than the traditional RDK

Our kit is 50% lighter than the traditional Rapid Deployment Kit. The wheeled case optimizes mobility for you team.
